FRONTEND DESIGN AND TESTING LAB
DEVELOP A PERSONAL PORTFOLIO WEBSITE (ANGULAR & TYPESCRIPT)

GOOGLE DRIVE / GITHUB REPOSITORY LINK:
https://github.com/SanthoshPyaram/MY-PORTFOLIO.git

Files included (Angular & TypeScript Architecture)

7 core Angular & TypeScript production source modules are included in this complete assignment submission:

- **`src/app/models/portfolio.models.ts`** — TypeScript interfaces for Projects, Skills, Education, Certifications, and Social Profiles
- **`src/app/services/portfolio.service.ts`** — Angular Injectable state service with 4 featured projects (including 2 ECS projects) and credentials
- **`src/app/services/theme.service.ts`** — Angular reactive theme switching service with localStorage persistence and signal-based state
- **`src/app/components/projects/projects.component.ts`** — Angular component rendering 4 project cards with detail modal trigger bindings
- **`src/app/components/skills/skills.component.ts`** — Angular component rendering skill matrix, progress bars, and Embedded Systems & IoT (ECS) category
- **`src/app/components/resume-modal/resume-modal.component.ts`** — Angular component rendering printable resume document with print-to-PDF handler
- **`src/styles.css`** — Design tokens, Charcoal & Cobalt palette, glassmorphism, responsive grid, animations, and print media queries

1. TypeScript Data Models & Contract Definitions

src/app/models/portfolio.models.ts

CODE

```
export interface Project {
  id: string;
  title: string;
  subtitle: string;
  category: string;
  categoryBadgeClass: string;
  typeBadge: string;
  description: string;
  image: string;
  tags: string[];
  modalId: string;
  overview: string;
  capabilities: { title: string; description: string }[];
  technologies: { name: string; badgeClass: string }[];
}

export interface SkillItem {
  name: string;
  icon: string;
  iconColor: string;
  status: string;
  statusClass: string;
  percentage: number;
  progressBarClass?: string;
}

export interface SkillCategory {
  title: string;
  subtitle: string;
  icon: string;
  items: SkillItem[];
}

export interface Certification {
  title: string;
  issuer: string;
  badge: string;
  badgeClass: string;
  icon: string;
  description: string;
}

export interface Achievement {
  title: string;
  badge: string;
  badgeClass: string;
  icon: string;
  iconBoxStyle?: string;
  description: string;
  tags: string[];
}

export interface Education {
  degree: string;
  institution: string;
  period: string;
  score: string;
  scoreType: string;
  scoreBadgeClass: string;
  status: string;
  streamOrFocus: string;
  details: string;
}
```

```
export interface SocialProfile {
  platform: string;
  url: string;
  icon: string;
  colorClass: string;
  title: string;
}
```
